

Insurance and Benefit Design

Insurance and Benefits Design provides insight on changes in insurance and benefit design in the next three years so you can anticipate the evolving access opportunities and risks for your company's brands.

Insurance and Benefit Design answers your questions about changes in the access environment related to:

- Macrotrends
- Benefit design and drug management
- Employer coverage decisions
- Consumer decisions and out-of-pocket costs

You can use Insurance and Benefit Design to:

Stay on top of the market trends...anticipate what you need to know

Develop strategies for your assigned MBOs related to insurance and benefit design

Educate account teams and internal stakeholders about changes that affect access

Provide strategic guidance to marketing teams related to opportunities and risks for company's brands

Insurance and Benefit Design
